Information:

- Please save the date May 23 is our Open House. This is an exciting evening because we dress up our classroom with your child's beautiful art work. There will also be some community vendors coming. More information on this event will be coming soon.
 - Please try to have your child in class between 9:00-9:10. Once we go to circle time it is very distracting for the children to have activity and talking voices while I am doing circle time. Plus I want to have the best opportunity to talk to you if you need to speak with me.
